

Thursday Evening Get-together

The EFAC Conference starts with an informal Get-together. Meet the conference participants in a relaxed atmosphere at the conference venue. Drinks and snacks will be served.

Friday Evening Event "A Night on the Mountain Top"

Enjoy an evening with a typical Swiss style dinner at the famous "Schatzalp". The restaurant is accessible by a mountain train and for your way back a sled ride or a walk in the snow with a torch in your hand are other options.

The 6th EFAC Conference 2011 is kindly sponsored by

6th EFAC Assembly Technology Conference

The European Business Conference for Assembly and Handling Technology

January 21 – 22, 2011,
Davos, Switzerland

In partnership with the EFAC member associations:

Why should you attend?

The EFAC Conference - which takes place every two years – is a well established platform within the assembly and handling technology business in Europe and around the world. Do not miss an excellent opportunity for networking with experts and learn more about future challenges and effective ways to face them.

Meet the people who matter

CEOs, managing directors, corporate strategists, marketing directors and other executives of the assembly and handling technology industry.

The organizer

The European Factory Automation Committee (EFAC) is the network of assembly and handling technology associations in France (SYMOP), Germany (VDMA Assembly), Italy (AIDA), Spain (AER-ATP) and Switzerland (SWISSMEM). All EFAC activities and projects aim at supporting the development of this industry in Europe: statistics, market surveys, marketing, trade fair policy, networking, public relations and industry representation.
